TENTATIVE CONSTRUCTION PROGRAM

OF THE

MONTANA HIGHWAY COMMISSION

FOR

FISCAL YEARS 1966, 1967 & 1968

LISTED BY FINANCIAL DISTRICTS

RECOMMENDED: JUNE 30, 1965
BY STATE HIGHWAY ENGINEER

Paul M. Johnson
PAUL M. JOHNSON

APPROVED: JUNE 30, 1965

HELENA, MONTANA

TIM BABCOCK
GOVERNOR

PAUL M. JOHNSON
STATE HIGHWAY ENGINEER

TO WHOM IT MAY CONCERN:

Beginning in 1962, the first pre-planned construction program, encompassing three fiscal years, was released by the State Highway Commission. This is the fifth in the series and covers Fiscal Years 1966, 1967 and 1968.

The value of advanced planning is incontestable. It determines the scope and type of projects that can be constructed within budgetary limits; it indicates the priority of projects based on sufficiency research; it maintains the statutory financial limitation of each Financial District and provides the necessary lead time for the accomplishment of each phase of preconstruction activity. The prudent expenditure of public funds and the wise solution of complex engineering considerations can only be accomplished by intelligent planning well in advance of actual construction.

The selection of the projects listed and the tentative letting dates have been carefully analyzed by the Preconstruction Engineer, the Secondary Roads Engineer, each District Engineer, the Deputy State Highway Engineer and the Project-Control Manager. It has received final approval of the State Highway Engineer and the Highway Commission. While it must be stressed that this tentative construction program is not a definite commitment or promise for the construction or priority of any project, it does constitute a goal for the scheduling of operations within the Highway Department and every effort will be made to adhere to it.

Paul M. Johnson
State Highway Engineer
